

College Night

**January 14, 2010
HOC Community Room
5:00 – 7:00 pm**

If you are a high school (9th-12th grade) or college/technical school student who is looking for ways to pay for your secondary education, then you and your parents should attend this program.

Our speaker, Joanne Angeli, Director of Scholarships, Inc., will discuss the kinds of scholarships available, the scholarship process and other financial resources available for funding your education.

HOC offers up to ten scholarships each year to young adults either diagnosed with a bleeding disorder or the child or sibling of a person with a bleeding disorder.

A light dinner will be served at 5:00 pm followed by the presentation at 6:00 pm. A question and answer session will follow the presentation.

Please RSVP to HOC at 965-0606 by January 11 if you plan to attend.
